OFFICE MEMORANDUM

Subject: Payment / Reimbursement of medical expenses to beneficiaries under CGHS and Central Services (Medical Attendance) Rules, 1944 from two sources – From insurance agencies and from the CGHS or from the Ministry / Department.

The undersigned is directed to invite reference to the Office Memoranda, of even number dated the 8th January, 2004, and 27th February, 2004, vide which beneficiaries under CGHS and Central Services (Medical Attendance) Rules, 1944 (who have subscribed to mediclaim policy from an insurance agency) were permitted to claim reimbursement of the medical expenditure from both the sources viz. the insurance agency and CGHS and Ministries / Departments (as the case may be). This benefit was subject to the condition that the beneficiary will first claim reimbursement from the insurance agency and then from the CGHS or Ministry / Department concerned. The reimbursement from the two sources was, however, not to exceed the package rates prescribed under the CGHS for the particular treatment.

2. This Ministry had received representations from beneficiaries requesting for the removal of the monetary 'cap' mentioned above. The main argument advanced in the representation was that this offered the beneficiary no incentive to subscribe to the mediclaim policy for reimbursement only upto the package rates as it did not provide them with any additional benefit because they would in any case get the same amount from the CGHS without subscribing to mediclaim policy. Chairman Insurance Regulatory & Development Authority (IRDA) also wrote to Secretary (H & FW) requesting appropriate revisions in CGHS Rules so that any expenditure incurred by policyholders which was inadmissible as per the CGHS rules but admissible mediclaim insurance policies could be suitably claimed from the insurer.

3. The above have been carefully considered in this Ministry and it has been decided, with the approval of the Competent Authority that beneficiaries who have subscribed to Medical Insurance Policies in addition to availing CGHS facilities / Central Services (Medical Attendance) Rules, 1944, may be allowed to claim reimbursement from both the sources subject to the condition that the reimbursement from such sources should not exceed the total expenditure incurred by the beneficiary on the treatment. The beneficiary will make the first claim to the insurance company and the second claim to the CGHS or the Ministry / Department concerned. The medical claim against the original vouchers / bills would be raised by the beneficiary first on the insurance company, which would issue a certificate indicating the amount reimbursed to the Director, CGHS or Head of Department of the Ministry / Department concerned.

Dated 19/2/2009

27/2/2009

MSVG 2/26/3

19/02/2009

The insurance company concerned will retain the original vouchers / bills in such cases. The beneficiary would then prefer his / her medical claim alongwith photocopies of vouchers / bills duly certified, in ink, alongwith stamp of the insurance company on the reverse of the vouchers / bills to the concerned organisation. Reimbursement from CGHS or other departmental source will be restricted only to the admissible amount as per approved package rates subject to the condition that the total amount reimbursed by the two organisations does not exceed the total expenditure incurred by the beneficiary.

4. These instructions take effect from the date of issue and past cases are not to be re-opened, and supercede earlier instructions on the subject (cited above).

4. This issues with the concurrence of IFD, Ministry of Health & Family Welfare, vide their I. D. Note No: 542/AS&FA/2009 dated the 4th February, 2009.

OFFICE MEMORANDUM

Subject: Relaxation of procedures to be followed in considering requests for medical reimbursement.

The undersigned is directed to state that under the extant instructions, a CGHS card holder, who wishes to apply for reimbursement of the expenditure incurred by him / her on medical treatment of either self or his / her dependent family members, the present reimbursement procedure needs verification of bills and issue of essentiality certificate by the treating doctor, and the Medical Superintendent of the hospital. The process of verification of bills and issue of essentiality certificates are time consuming with the doctor at times being busy or being away from office for whatever reason. This necessitates repeated visits to the hospital for getting the verification done and essentiality certificate obtained. Representations have been received in the Ministry of Health & Family Welfare requesting for doing away with the two requirements and for the Ministries / authorities concerned to verify and check the authenticity of the claims on the basis of the prescription slip and the diagnostic report submitted by the Government servant / pensioner. In the event of any doubt, the concerned Ministry / Authority can always get verification done from the hospital concerned.

2. The undersigned is also directed to state that CGHS guidelines currently provide for relaxation of guidelines to cover full reimbursement in individual cases depending upon merits of each case. In the case of Hon'ble Members of Parliament, the powers to relax the guidelines have been delegated to the Lok Sabha Secretariat and Rajya Sabha Secretariat respectively and in the case of Hon'ble Chief Justice of Supreme Court and Judges of the Supreme Court to the Secretary General of the Supreme Court.

3. In order to reduce the burden on the specialists in individual cases of medical reimbursement claim, it has been decided with the approval of heads of the hospitals to revise the guidelines for reimbursement by the competent authority, as follows:

(1) It has now been decided to do away with the procedure for verification of bills and issue of essentiality certificate by the treating doctor, and the Medical Superintendent of the hospital. Ministries / authorities concerned may verify and check the authenticity of the claims on the basis of the prescription slip and the diagnostic report submitted by the Government servant / pensioner. In the event of any doubt, the concerned Ministry / Authority can always get verification done from the hospital concerned. Modified reimbursement claim form, alongwith checklist is annexed.

(2) All cases involving requests for relaxation of rules for reimbursement of full expenditure will henceforth be referred to a Technical Standing Committee, to be chaired by the DGHS / Addl.DGHS and consist of Director (CGHS) and subject matter specialists. If the Technical Standing Committee recommends the relaxation of rules for permitting full reimbursement of expenditure incurred by the beneficiary, the full reimbursement may be

allowed by the Secretary (Health & Family Welfare) in consultation with IFD. A check list for consideration of requests for reimbursements in excess of approved rates may include:

Subject: **Treatment of CGHS beneficiaries in Mumbai and Thiruvananthapuram due to non-availability of facilities in empanelled private Hospitals under CGHS, Mumbai and Thiruvananthapuram, for treatment and fixation of package rates.**

Central Government Health Scheme (CGHS) has been empanelling private hospitals and diagnostic centres, in cities where it exists, for providing health facilities to its beneficiaries. As part of the process of fresh empanelment, private hospitals and diagnostic centres were requested to quote for various procedures, tests, etc. Based on the competitive rates, which emerged out of the tendering process, the rates were offered to all private hospitals and diagnostic centres that were found to be fulfilling the eligible conditions for empanelment under CGHS. In order to be empanelled under the CGHS, these hospitals and diagnostic centres were required to sign a Memorandum of Agreement (MOA) with Director, CGHS and were also required to submit appropriate performance bank guarantee to the CGHS. Those hospitals and diagnostic centres which accepted the rates that emerged out of the tender process and were willing to sign the MOA and submit the appropriate performance bank guarantee were empanelled under CGHS in the cities in which they were situated.

2. It has been brought to the notice of the Ministry of Health & Family Welfare that hospitals and diagnostic centres empanelled under CGHS, Mumbai and Thiruvananthapuram have been showing lack of interest in continuing with CGHS due to their perceived grievance of high amount of performance bank guarantee and the rates that were being offered. This has resulted in the ailing CGHS beneficiaries not being able to get treatment in private hospitals and diagnostic centres.

3. The matter has been examined in the Ministry of Health & Family Welfare and, as an interim arrangement, it has been decided that CGHS beneficiaries in Mumbai and Thiruvananthapuram may be allowed to get their treatment / tests, etc., in any private hospital / diagnostic centre in their respective cities and claim reimbursement from their respective Departments / Ministries / CGHS, as the case may be, subject to the condition that the reimbursement would be limited to the CGHS rates that have been fixed for the city. There will be no change in the procedure for claiming of reimbursement of expenses.

4. The hospitals, not being in the list empanelled hospitals under the CGHS, may not provide treatment under CGHS package rates for the city and may charge their own prevailing rates. The hospitals will also not be extending credit facilities to pensioner CGHS beneficiaries. Hence the beneficiaries may have to spend for their treatment from their own resources and claim reimbursement from their respective Ministries / Departments / CGHS.

Before they proceed to get treatment in a hospital, the beneficiaries are requested to get the permission from the concerned authorities
