Previous NPS Instruction No and Subject	8	Current NPS Instruction No and Subject	9
e-mail and WAN IDs of NPS task of HQrs office , other implementation issues and Misc. clarifications,.		New Pension Scheme - Contribution upload in the CRA system.	

It may be recalled that the CRA carries out various analysis on regular basis focusing on the Subscriber Contribution File (SCF) uploads and corresponding credits in the subscriber Individual Retirement Accounts (IRA). Reports of such analysis are sent to this HQrs office periodically, which are being placed on NPS Website (on CGDA WAN) for viewing by the Pr.AOs/PAOs by accessing the same at the address already intimated in Instruction No.8/2009.

2. The recent analysis of CRA highlights the following important issues:

(a)The number of SCFs uploaded along with the number of files matched & booked are showing an increasing trend. Further, **CRA has provided a new facility for the PAOs to provide the funds details of the SCFs in match pending status. This facility is available in the NPSCAN site under the menu “Contribution details \Contribution Fund Transfer Details”. NSDL has provided an aging report dated 01-08-2009, in this regard copy of the same is enclosed.**

(b) The above issue has already been brought to the notice of all the Pr.AOs for providing requisite information to NSDL and clearance of ‘match pending status of SCF’ vide this HQrs office (i) NPS Circular No.1/2009 dated 23-01-2009 (ii) Circular No.8/2009 dated 22-05-2009 and (iii) letter No. AT-I/NPS/CORR dated 25-06-2009 forwarding list of all pending cases as on 20-06-2009 to concerned Pr.AOs only. The pending status has not improved so far . Pr.AOs, as oversight mechanism, are requested to get all the match pending cases of SCFs in respect of the PAOs under their jurisdiction cleared immediately and furnish a confirmation in this regard to this HQrs office by 31-08-2009

3. (a) A few area of concern which require immediate attention of Pr.AOs are also listed below:

- i) First tranche data not provided
- ii) Non upload of contributions files by some PAOs
- iii) Regular monthly credits not posted in the IRA
- iv) Second tranche details still awaited
- v) Rectification of cases where the same PPAN is associated with different subscribers

(b) (i) The first tranche data is to be provided to NSDL by Nodal offices (Pr.AOs) of legacy period. Some of the Nodal offices have not sent the data to NSDL till date, in spite of instructions issued vide NPS circular No.8/2009 dated 22-05-2009 and subsequent reminders. Nodal offices, who have not furnished confirmation to this HQrs so far, may furnish the same immediately.

(ii) A list of PAOs who have not uploaded SCFs so far is enclosed. Pr.AOs are requested to look into the matter and intimate reasons of the same by return fax, e-mail. **(Action by-PCDA(WC) Chandigarh, CDA(IDS) New Delhi, CDA (R&D) Hyderabad, CDA (PD) Meerut, CDA (R&D), Bangalore, CDA (Funds), Meerut and PCDA(AF) Dehradun)**

(iii) Pr.AOs may liaison with NSDL and ascertain why regular monthly credits have not been posted in the IRAs. Information, if any, required may be furnished to NSDL.

(iv) Nodal offices or other offices authorized to furnish the second tranche data to NSDL had to send second tranche data to NSDL by 15-6-2009 vide NPS Circular No.8/2009 dated 22-05-2009. Confirmation is awaited from some of the Nodal offices. The data may therefore be sent to NSDL immediately and confirmation be furnished to this HQrs by return fax /e-mail.

(v) Rectification of cases where the same PPAN is associated with different subscribers. NSDL had sent a list of 75 cases of PRAN generation request received for a single PPAN on 16-02-2009. All the concerned Pr.AOs have intimated that action has been taken. NSDL has on 17-07-09 sent a list of 137 cases of 'Multiple PRAN generation requests with different names against one PPAN'. Concerned Pr.AO may take rectification action immediately and furnish a confirmation in this regard by 13-08-2009 to this HQrs through fax/e-mail.

4. (a) Some important facts related to records uploaded are as follows:

- (i) Around 2200 subscribers out of estimated 35 thousand subscribers (who were registered through the first tranche legacy data) have more than ten credits

uploaded. **However there should be at least 14 regular credits for such subscribers in addition to the legacy contribution till date.**

(ii) There is at least one credit in 42,426 PRANs out of the total 48 thousand subscribers registered so far.

(iii) The legacy credits have not been credited in the subscribers account since the legacy data is not yet processed.

(i v) Regular records uploaded for more than 43000 subscribers and arrear records uploaded for 15000 subscribers (these figures are not mutually exclusive).

(v) Out of the above subscribers, 5 and more contributions have been uploaded as ' Regular' for 32853 subscribers.

(vi) 5 and more contribution have been credited in 24237 PRANs.

(vii) There should not be more than 14 credits in a particular PRAN (starting from April 2008 to May 2009) . However, there are more than 14 credits in 387 PRANs. In most of such cases, PAOs have uploaded the amount of 6th Pay Commission, DA arrears etc. as regular contribution for the month prior to April 2008. Further, it may be possible that the subscribers received multiple credits from more than one PAO.

(b) In view of above , Pr.AOs may instruct PAOs to ensure that uploads against each PRAN is (i) regular (ii) upload of any month not missing (iii) DA arrear uploaded (iv) 6th CPC first installment arrear uploaded.(v) there are **at least 14 regular credits for subscribers registered through first tranche data in addition to the legacy contribution till date.**

5. Additional reports have been generated by CRA to facilitate Pr.AOs in their functions as over-sight mechanism and these are available from 1-7-2009.

i) **Report showing missing credits-** List of Subscribers under particular Pr.AO for which there is a missing credit for a particular month.

ii) **Report showing contribution files in match pending status.** – List of all the files uploaded by the PAOs belonging to that Pr.AO which are pending for matching in the CRA system.

iii) **Report showing difference in two regular contributions** – List of Subscribers where there is significant difference in last two regular transactions.

6. Pr.AOs are requested to ensure that they access these reports periodically and they take corrective actions without waiting for any further directions from this office. It is re-

emphasized that the responsibility for data/fund rendition remains with the PAO concerned under supervision of Pr.AO.
