&
Chairman, DRDO**

MESSAGE

I am happy to note that the Defence Accounts Department is celebrating its Foundation Day.

The Defence Accounts Department has been fulfilling its organizational mandate of providing accounting, auditing and financial advice with utmost professionalism. The complex financial management of a mammoth and widespread research and development organization like DRDO is a challenge in itself, which has been handled with ease by the financial experts of DAD. The Department has been instrumental in ensuring optimum utilization of our scarce resources while performing its role as accountant, auditor and financial advisor.

I convey my best wishes for their journey in the service of the nation.

Jai Hind!

Place: New Delhi
