No. MECH/EDP/708/Tulip/Misc-II

Dated: 27/07/2017

To,
✓ The Regional and R&D Controllers

Sub: Project Tulip – Issues thereof

Project 'Tulip' is under implementation for more than a year, however, it has been observed in HQrs office that Controllers are still reporting some issues in implementation of Project 'Tulip' due to which the project is still not fully implemented in all the offices.

In view of the above, it has been decided to constitute teams for a status check. The team with a size of 3 members will be lead by an IDAS officer and will comprise of one AO/AAO from Regional/R&D Controller and one AO/AAO from developer team of Project 'Tulip' i.e. from IT&SDC, Secunderabad.

The teams will visit each office (allotted to them) for 3 days and will check the status of implementation of Project 'Tulip' in them. The team will check if all the modules with all its utilities are implemented and will note down the issues being faced by the various sections of those offices during the implementation/working of 'Tulip' and will resolve the issues on the spot. Each team will submit a report to HQrs office in respect of all the offices it has visited duly stating the implementation status alongwith the issues and action taken upon them. The combination of teams, offices to be visited alongwith visting dates are enclosed as annexure 'A'.

It is requested to extend full cooperation to the visiting teams.

This has approval of Addl. CGDA(IT).
