(Through mail)

Subject: Upgradation/Installation of MPLS VPN-based WAN in the organization of CGDA under Managed Network Service (MNS).

This is with reference to the smooth functioning of MPLS VPN – WAN under MNS in the organization of CGDA (as per Annexure-I). The Controllers should ensure that following steps are taken for smooth working of WAN links under their jurisdiction:

- a) The power supply to the equipments (router, modem etc) and PC to remain switched on for uninterrupted connectivity of WAN at least 09:30 am to 06:00 pm.
- b) The local BSNL office may be contacted for any difficulty found in smooth functioning of WAN and the complaint must be lodged on the following numbers:
 - (i) 022-2779888/ 18002333334 & Email mplshelpdesk@trimax.in
 - (ii) The detailed Escalation Matrix for tracking the complaint is attached with contact person details in Annexure – II.

WAN IP is required for registration of complaint on the above toll free No. For WAN IP CGDA WAN Helpdesk: 011-25665864.

- c) In case the issue is not resolved then contact HQrs office on, 011-25665762, 9466555891, 9466555901, 9466555910, E-mail cgdanewdelhi@nic.in and Fax 011-25675030.
- d) It is requested to forward the name of two (02) officer/staff for each site of WAN under your jurisdiction along with Telephone No, Mobile No & Mail ID (cgdamail & NIC mail). The same may be forwarded to HQrs office immediately by mail only, to the following mail ID (**Hard copy not required**):
hqedp-wan@cgdamail.org or cgdanewdelhi@nic.in .

- e) The scan copy of Commissioning Report for Upgradation/Installation of the offices/sites (as per Annexure-I) under your jurisdiction, may also be forwarded to this HQrs office by mail only (**Hard copy not required**).

2. The following counter measures may also be taken for strengthening the security of CGDA WAN Network in addition to the existing security guidelines:

- a) Internet and WAN connections should not be available on the same machine. Any Internet Activity should be strictly prohibited on the WAN connected machine.
- b) Each machine on WAN Network should be duly protected against any physical access by unauthorized person. A good password may be used.
- c) Each machine on WAN Network should be duly protected against virus/ malicious content by installing good quality antivirus software. The antivirus must be updated & the machine should be scanned periodically.
- d) Any pen drive/ USB data storage device should not be used on any machine on the WAN Network.
- e) Any incident/ doubt of cyber attack on the WAN network must be intimated to this HQrs office immediately.
